## SUMMARY

I am a second year student at Boise State looking to shift direction and start a software development career. I have been working with code since elementary school. I am very motivated and excited to write code and develop applications.

## APPLICATIONS

**Kotini: Online Game Platform**
- Users can join sessions to play a game competing for the fastest reaction time. Tracks stats with achievements and leaderboards
- Built in Vue3 framework, socket.io, node.js, mongoose, MongoDB
- Product Owner

**Kannedit: Kanban Boards Application**
- Users can create boards, lists, tasks and comments that can only be edited by creator. Multiple users can view a board
- Built in Vue3, socket.io, vue-masonry, node.js, MongoDB, Bootstrap
- Team member

**Chess Game: Functional Chess Board**
- In-progress functional chess board, uses logic in JavaScript to show all available moves for pawn and knight moves.
- JavaScript in MVC design pattern
- Creator

## ACHIEVEMENTS

- 2020 Business Professionals of America top 10 National Placement in Web Application Event
- Microsoft Word Certification

## EDUCATION

### BOISE STATE UNIVERSITY
**Second Year | Biology Major**
Ecology and Behavior Emphasis

## EXPERIENCE

### WEB DEVELOPMENT STUDENT
**Boise CodeWorks | May 2021 - Present**

- Experience working with a team to create complex web apps.
- 400+ hours experience using HTML, CSS, JavaScript, Vue3, Node.js and MongoDB to develop applications.

### SNOWCONE SHACK WORKER
**Rainbow Snow | May 2018 - Present**

- Worked self-sufficiently to make and sell up to $400 worth of snow cones over the course of a shift.
- Worked alone to take orders using Square's point of sale system, maintain and clean equipment, keep items stocked, and make snow cones for customers.

### DELIVERY DRIVER
**Domino's Pizza | January - April 2020**

- Covered a 15 mile area, delivering orders in a timely manner
- Experience working as an essential worker during Covid-19 pandemic, maintained sanitary environment and upheld social distancing.

### BOISE MARKET WORKER
**Little Kitchen Pastries | November 2017 - June 2018**

- Worked with Square's point of sale system to take orders, boxed products and calculated prices.
- Processed 200+ orders during a 5 hour shift.

## SKILLS

Technologies
- HTML5, CSS3, Bootstrap
- JavaScript, Vue.js
- node.js, mongoose, MongoDB, Auth0
- Git, GitHub
- PHP, SQL, MySQL
- C#, Unity Game Engine

Work Environment
- Scrum/ Agile methodologies
- Working with/ leading a team
- Following instructions and meeting requirements
- Working with customers
- Time/ Task management
